

Your custom designed **KOOLGATOR** Golf Towel will be dye sublimated onto an all white polyester fabric using a digital printer. Please provide your artwork as an AI or EPS file that is compatible with Adobe Illustrator. [Provide PMS colors for all colors used.](#) Convert all fonts to paths / outline them. Photographs must be embedded in the file. Embedded images should be JPEG or PSD files and have a resolution of 300 dpi. The dye sublimation process produces dot gain so small or reversed elements may become illegible. Printing on fabric will not provide the same clarity or exact colors as seen on your color proof. PMS colors will be matched as closely as possible however some color variation is normal.

The approximate finished size of the Golf Towel is 18" wide x 15" high. Full bleeds will require an additional 0.75" of artwork on exterior edges of the 18" x 15" image. The location of the Grommet is an approximation after towel is sewn and folded over.
