

Your custom designed KOOLGATOR Deluxe Tieback Headband will be dye sublimated onto an all white polyester fabric using a digital printer. Please provide your artwork in Adobe Illustrator software, compatible with CC or below. **Provide PMS colors for all colors used.** Convert all fonts to paths. Photographs must be embedded in the AI file. Embedded images should be JPEG or PSD files and have a resolution of 300 dpi. The dye sublimation process produces dot gain so small or reversed elements may become illegible. Printing on fabric will not provide the same clarity or exact colors as seen on your color proof. PMS colors will be matched as closely as possible however some color variation is normal.

The approximate finished size of the KOOLGATOR Deluxe Tieback Headband is 2.5" x 34" on Side A and 2.5" x 34" on Side B or 5" x 34" before being folded in half and sewn. Artwork on Side A can be the same or different from Side B. The "live" print area is 2" x 33.5" per side, which provides 0.25" seam allowance for folding and sewing. Full bleeds will require an additional .25" of artwork around the exterior edges of the 5" x 34" image. The directions can be changed to any color you select for your artwork. Based on the way the tieback headband can be worn, there is no "front side" or "back side" or "right side up" or "upside down." Either Side A or Side B being worn "right side up" or "upside down" has a 50/50 chance of occurring.
